

Bell

# Backpumping

## What's the uproar, the answer?

Over a two-week period, the Belle Glade Rotary Club heard both sides of the backpumping controversy. The first week, the Florida Sugar Cane League gave its side and the next, the Florida Wildlife Federation its views. Both sides are presented here.

Walsh

### 'Many people are concerned' 'Could cost farmers \$ half billion'

BELLE GLADE—Craig Bell told the Belle Glade Rotary Club Tuesday of the reasons the Florida Wildlife Federation opposes backpumping of agricultural waters into Lake Okechobee and noted he had some "good news" for farmers.

Bell, administrative assistant to president of the Federation Johnny Jones, came at the invitation of

program chairman Ernie McCroan. Pete Aldrich, another aide, was supposed to have spoken but was unable to come because of a sore throat.

Bell told the Rotarians the problems of water management around the lake are two-fold. Chemicals, including heavy metals and phosphates, flow into the lake from the north and south and salt

water intrusion is a problem on the wellfields of the coast because of the canals dug in the Everglades, he said.

Before the canals were dug, water flowed in a "sheet" over the Glades south of the lake, soaking into the ground and preventing salt water from intruding into the

see BELL P11

BELLE GLADE—Don Walsh of the Florida Sugar Cane League told the Belle Glade Rotary Club last Tuesday, backpumping is vital and necessary for the present way of life in the Glades.

The impact of a stoppage of backpumping, said Walsh, could be as high as a half billion dollars. He said the Wildlife Federation and other groups hope to force land-

owners to set aside ten percent of their own property for water storage, thereby taking out of production around 40,000 acres.

If this was done, he said, the sugar industry would lose a quarter billion in productivity and another quarter billion in land value.

Halting backpumping would affect everyone who lives in the

Glades, he said. The sugar and vegetables industries would have to drastically alter their operations and even cities around the lake would have nowhere to "drain" storm waters.

"This is a very serious problem," Walsh emphasized.

It began several years ago when

"VOICE OF THE GLADES"

VOLUME 40 - NUMBER 22

THURSDAY, MARCH 16, 1978

15 Cents per copy

THE GONG SHOW being put together for the evening of April 7 at the Municipal Civic Center got its voice this week when Mr. and Mrs. Milton Carpenter loaned their full-size gong, being demonstrated above by Mrs. Jenette Cameron at the Health Nut Hut.

## Gong Show gets voice

BELLE GLADE—Preparations for the city's Golden Anniversary Celebration picked up speed this week as plans were firmed up further for the Gong Show, the raft race, the dance being sponsored by the Junior Woman's Club and the Chamber of Commerce barbe-

barbeque dinner being set up by the Chamber of Commerce. Tickets for the barbeque, which will

see 50th Fest P11

The Gong Show received a voice in the form of an oriental gong donated for the event by Mr. and Mrs. Milton Carpenter, according to Mrs. Bee Wood. Mrs. Wood said the gong is being held until the night of April 7 at the Health Nut Hut by Mrs. Jenette Cameron, one of the three judges.

Mrs. Wood said auditions for the show are being held from 7 to 10 p.m. March 31 and she encouraged entries of all sorts of acts.

The Gong Show is being held in conjunction with a skit being put on to re-enact the public meeting in which Belle Glade was incorporated. They are both being presented the evening of April 7 at the Belle Glade Municipal Civic Center.

City Recreation Coordinator Frank Mayfield said entry forms for the raft race, or races, depending on how many entries there are, are already beginning to come into his office. The raft race is being promoted by the city recreation department as part of the events being scheduled for the afternoon of April 8 at the Municipal Marina.

Also scheduled for the marina that day are other events plus a

## Survey doesn't help city

# Parking meters are issue

BELLE GLADE—A survey among downtown merchants to try to help provide guidance for the city commission on whether to do away with parking meters proved no help at all, throwing the problem back in the collective lap of the commission.

The problem came up last Wednesday when Bernie Lee, manager of Dave's Palm Beach Shop, presented a petition with signatures of 34 downtown businessmen to the commissioners

during a workshop session, asking the city to do away with the meters on South Main and Southwest Avenue A and B.

The commission at that time directed City Manager Robert Sanders to conduct a survey of merchants in the affected area to determine their feelings and Sanders presented the results to the commissioners during Monday night's regular meeting.

Sanders told the commissioners he didn't believe the survey would

offer much in the way of guidance because while 75 businesses were surveyed, only 45 responded, with 21 voting for and 21 voting against the meters, with three who didn't care.

The city manager told the commissioners there were a few other answers from merchants who offered alternate plans but all those plans had been considered and previously rejected by the commissioners.

He also said he is awaiting

replies from some merchants who weren't in when called upon and the commissioners decided to take no action until those replies are in.

"In the meantime," Sanders said, "I also talked to (Director of Public Safety) Charles Goodlett today and he said he is still in favor of keeping the parking meters."

Sanders said Wednesday night it was the staff's recommendation that the meters be retained and their use enforced, saying it was the recommendation of Goodlett and Police Chief D. Bill Mathis.

Lee had noted he believed the meters were driving potential customers away from the downtown area.

Mayor Tom Altman noted this had become an "on again, off again" problem with some businessmen apparently for meters and other opposed. He said Randy Davis of Cabin Cleaners on Avenue A had been before the commission with a petition about six months ago asking for them to be enforced.

Lee said his main problem was customers and that he has heard more complaints in the past three months concerning the meters than he had of parking problems before that time.

Sanders told the commission the parking meters contribute between \$800 and \$1,000 per month, but that was not their reason for being enforced. He said the main reason was to help the traffic flow in the downtown area.

Everyone agreed that prior to parking meter enforcement, it was common for a vehicle to be parked in the same spot all day.

## Walkathon is moving

BELLE GLADE—Interest in the 1977 March of Dimes Walkathon increased this week as final plans for the April 1 event were finalized in a Pahokee meeting and Belle Glade answered a challenge by the Belle Glade Lions Club.

The City Commission agreed to donate up to \$500 to the March of Dimes on behalf of a five-man team of city employees who are walking, should each of the team members finish the 20-mile course.

"The rate is \$100 for every team member," said City Manager Robert R. Sanders said, "but that's only if they finish the entire 20 miles. You'd better be ready to spend the full \$500, though, because we're all going to finish."

Sanders said he'd been challenged by Lion President Ron Snyder, who is the city's building and grounds supervisor, at the last Lions meeting Sanders had attended. Sanders said he'd made up a team of himself, his assistant, Craig Butters, Recreation

Coordinator Frank Mayfield, City Planner John Gubisch and City Garbage foreman Gene Redd.

Plans for the Walkathon, also see Walkathon P11

## Easter contest begins

The annual Herald-Observer Easter Coloring Contest is again getting underway for children in grades one through six.

In this week's paper, you'll find two pages of Easter pictures. One page is for children pre-school through the third grade and the other is for children in grades four through six.

Under each picture to be colored is listed the business which is sponsoring that particular picture.

Children who wish to enter should color one, two, or any number of the pictures on the page with his age group, cut out the colored picture, paste a piece of paper with his name, address and telephone number on the back, and take it to the business

sponsoring the picture he has colored.

Children can make as many entries as they wish and enter as often as they like.

Coloring can be done with almost any medium.

The contest deadline is Friday, March 24 and all entries must be in the business sponsoring them by noon on that day.

They will be picked up, submitted to an impartial judge, and the results announced in the Thursday, March 30 edition of the Herald and Observer.

Winners will have their pictures made with their sponsors, in addition to cash prizes of \$15 for first place, \$10 for second and \$5 for third.

## South Bay doubles fire equipment for \$1,700

SOUTH BAY—The number of city fire engines available to fight blazes and answer all types of calls was doubled last week when city workmen turned over a new engine to the City Fire Department...

at a total cost of \$1,700.

Public Utilities Director Lomax Harrelle said city garage employees John Williams and Donald Mills worked on the project, taking the city's old fire engine, which was in little more than scrap condition, and rebuilding it virtually from the ground up.

Besides doing body work and painting the 1950 F-6 Ford, Harrelle said a new engine and transmission were installed, along with a completely new wiring system.

Mills did the body repairs and Williams did the mechanical work, Harrelle said, over about two months, in their spare time at the maintenance garage.

The engine was turned over to Fire Chief Jim Webber last Thursday. On hand for the ceremony were City Fire Commission-

er Ray Sullivan and past Fire Chiefs Jimmie Spradley and Clayton Waters. Waters served as chief from 1954 until 1964 and Spradley served from 1964 through 1967.

Webber said one of the unit's primary concerns would be to provide drafting service for the city's other, newer, unit which was delivered in 1974.

Harrelle commented the truck's old 250-gallon per minute pump is better at drafting than the new unit's pump. The truck was bought new in 1950 and served as the city's only unit until the newer unit was delivered. The 900 gallon water tank was welded and installed by Joe Wall.

Sullivan commended Harrelle for accepting the job of restoring the old truck, "to its original efficiency and beauty. He used good sound judgement in picking the right men to do the different jobs."

"Restoring the fire truck," he said, "represents a tremendous savings to our citizens, the taxpayers."

OLD FIRE TRUCKS NEVER DIE, they just get rebuilt...at least in South Bay. Showing off the "new" addition to the City Fire Department are Donald Mills, John Williams,

Ray Sullivan, Chief Jim Webber, Clayton Waters, Jimmie Harrelle and Lomax Harrelle.

With the Panama Canal treaty coming up for a vote, and neither side as yet assured of victory, a serious question remains unanswered.

It's not a question of whether or not we should keep the canal or if in fact we should force other countries to live up to agreements made in the past with our government.

It's a question of representation. Obviously, in our neck of the woods it appears the majority of citizens are against the treaty, maintaining that the United States built and developed the canal zone and should keep it, both for continued efficient operations and defensive purposes.

Even so, both Florida's senators have lined up on the side of the treaty's proponents. While Sen. Dick Stone said several months ago he was opposed to the treaty, he has since changed his mind and will vote for it. So will Sen. Lawton Chiles.

Both men say their mail is heavily in opposition to the treaty, reflecting, I should think, a desire on the part of their constituents for them to vote in opposition.

This then, is the question. When you vote for a man for an office, do you vote for him on the basis of being a representative of the wishes of the people who put him into office or do you vote for him as being a man most closely believes in the same things as you?

And if the latter is the case, how do you arrive at the choice you must make? For instance, let's say Candidate A says he's promises to do his best to represent everybody in the community. On the other hand, Candidate B notes he is in favor of this and opposed to that and in three out of four times, seems to have the same opinion as you on the issues.

Further examining the issue, how does Candidate A know what are really the wishes of the "majority of the citizens"? Does he take a poll? Or does he simply guess, based on personal contact of one form or another.

But then you can't agree with everything Candidate B says... maybe the opinions he holds on some matters are in direct disagreement with your own.

I think I would be inclined to vote for Candidate B, even though I may not agree with him some of the time. At least I'd know where he stood.

This is what has happened, I think on the Panama Canal issue. Some of our senators have determined to represent the people that have chosen them for office. Others have decided they will vote their own minds, seemingly saying the heck with the wishes of the folks back home.

This question is as old as Democracy and has yet to be settled. That's one of the real reasons communication between office holders and the people they represent is so vital.

And, sad to say, this communication doesn't exist as it should. The fault is partly that of the senator or representative and partly that of his constituency.

Special interest groups of one kind or another constantly beseege our representatives, attempting to win support for their particular issue. If I was a senator, I would soon grow wary of lobbyists telling me he is representing the majority feeling of the folks back home on this or that issue.

But in many cases, that's the way he receives the majority of his informational input, right or wrong.

## CRACKER CRUMBS

BY DEAN JONES

Had an unusual offer come in the mail the other day from an outfit calling itself the Bull Moose Party of Florida. The Bull Mooses (or is that Meeses?) offer an alternative to anyone dissatisfied with the Republicans or Democrats but who don't want to change their voter registration list.

The nice part is that the party doesn't have candidates. Borrowing from General Sherman, "We pledge that if by some miracle one of our members is nominated they will not run. If lightning strikes and one of our members is elected, we promise not to serve."

That last was explained in a party platform brochure enclosed with the offer. They say they don't believe Tallahassee or Washington are very nice places to live, both because they don't want to become involved with political hacks already there or come down with that dangerous, contagious disease known as "political fever."

The platform offers a little something for everyone and begins with a joint proposal guaranteed to satisfy both hawks and doves.

"We think that when Congress, or the President, or anyone else, wants to go to war, we should let them go. Let THEM get a gun and go. In the event of war, declared or undeclared, admitted or unadmitted, we favor drafting all members of the state legislatures, Congress and the White House staff into the Marines as Buck Privates and send them to fight. FIRST!"

"We are for labor but we would like to change things around a little so business can have equal rights with unions. We suggest a two-way contract. Let business guarantee anything the unions want and then, the unions guarantee business the profits it wants."

"We think something should be done to induce more people to get out and vote on election day. We suggest that all drivers licenses be renewed each year only on election day. To get your drivers license renewed, you have to go vote first. While many citizens wouldn't make the effort to vote to save their license, if not for this, they would walk through fire and brimstone to keep their drivers license."

"We think all elected and appointed officials should live on one term of not more than four years... the turnover would be fast and the law of averages would be working for us. We would be bound to get a few good ones now and then. If not for this, we would be able to get rid of the deadbeats faster."

"We suggest we do away with Civil Service and let each new group of elected officials fire the old bunch and bring in their own batch. This would keep some of the brass-bottomed fumblebums from getting in and fouling up things until they retire."

"Our foreign policy is that we don't think we should bother any other country; and in that way, no country would want to bother us. Since money can't buy friends, we think we should stop thinking ours around like we had it to throw around."

"Our domestic policy is basic. We are for everything everyone wants so long as we can afford it. When we can't afford it, then we are against it. We don't like taxes and think they should be reduced. Since the state legislators and Congress have proved unable to keep taxes from going up, we think all tax increases of any kind should be voted on by the people who have to pay them."

"We think the state legislature and Congress should be given a bank account each year with all our tax money going into those accounts. When they spend that, anything else they spend would have to come out of their salary and expense account. That would make a stop to deficit spending."

"We think all elected and appointed officials should be required to have mal-practice and mal-practices insurance in order to hold office. In the event they do not keep their promises or do something dumb that costs the taxpayers money, we could call on the insurance companies to make them good."

"We are not too fond of banks, insurance companies or public utilities. We don't have a platform on these because we don't know what should be done about them. It is against the law to take them all out and shoot them. It wouldn't help at all for the government to take them over. We suppose we could turn them all over to the Boy Scouts to run."

## Backpumping

Backpumping is only the most important issue to come down the pike lately and it's good some of the people in the area are getting involved.

Belle Glade Rotarians were interested enough to invite a speaker one week who says continued backpumping is essential to Glades agriculture and another the following week to expound on why certain other people think backpumping is ruining the water supply for South Florida.

Unfortunately, while Florida Sugar Cane League Public Relations Director Don Walsh gave facts and figures on why backpumping is essential and why it would be tantamount to a destruction of the area's one industry to stop backpumping, the stop-the-backpumping forces sent in a third stringer who spent most of his time touting a "plan" very few people are privy to.

And that could have the affect of lulling Glades residents into believing there is no real problem. There is.

It's simple arithmetic. To meet the standards being proposed by the Department of Environmental Regulation, which includes the stopping of backpumping into Lake Okeechobee, it would cost growers around the lake some half a billion... that's billion, not million, dollars.

You got a hundred acres in corn? Then 25 of those acres would have to be devoted to polishing and holding ponds. Not only would the farmer be required to take a quarter of his land out of production, he would be responsible for providing labor to build the structures required, not to mention continued upkeep.

And this is when there has been no proof whatever the farmers are actually harming the lake with the runoff from

their fields.

It's time, as pointed out last Thursday by Director Charles Trammel, the area Chambers of Commerce got involved and took a stand. This is one question too important to be left to the vagaries of bureaucrats without at least registering our opinion.

This could be one question, as a matter of fact, too important to ignore for any one of us.

## Get involved

The city's golden anniversary engine is beginning to pick up steam and anyone who wants to get in on the fun is being invited to add fuel to the fire in any one of several areas.

Lynette Thompson is looking for entries in the parade which will take place at 10:30 a.m. April 8. Invitations are also being made to join in the fun by putting together an act for the Gong Show on April 7 and in the raft races at the marina on April 8.

It will be hard to imagine a more fun way of getting involved in community life and some people we know have already committed themselves to all three.

If the participation is there, the city's 50th could make a year to remember, and the chance for participation is there. Anyone wanting to take part need only call the city recreation department at 996-0100.

Everybody loves a party and this is one birthday we can all help celebrate.

Cheers.

## A good buy

Anybody who's priced fire trucks recently would have to be impressed by South Bay's addition of a fire engine at a cost of only \$1,700.

The city's owned the engine since 1950 but its condition had been allowed to deteriorate to the point it was little more than a wreck awaiting a one-way tow to the scrap heap.

That was two months ago. Since then, using city employees in spare time and doing the work in the city garage, Public Utilities Director Lomax Harrelle was able to transform that junk to a working engine, complete with new engine, transmission, wiring, and even a sporty new paint job.

At a time when a new engine's cost starts in the vicinity of \$50,000, that's a lot of value received for the money spent.

## It's history now

20 YEARS AGO

March 14, 1958

The first anniversary of the Belle Glade Civitan Club was observed Tuesday evening with a supper for about 35 members and their wives at Ray's Smokehouse at South Bay.

Civilians have actively contributed to community improvement with projects for the Royal Palm School at Pahokee, the Christmas fiesta and Osceola nursery.

The club was chartered March 11, 1957. Two new members were initiated Tuesday, Jack Kaufman and Dr. Paul Hlewellyn.

CHARTERED CIVIL SERVICE

Clerk at the local post office for six years, Mrs. Dorothy B. Keese, was surprised with a Certificate of Award and a check for \$25 presented by her immediate supervisor, Mrs. Rosa Nash, from the Post Office Department's Regional Suggestions Department, Atlanta, Ga. The presentation was made following a chicken barbecue held at the home of Mr. and Mrs. Melrose Thompson Saturday evening.

"Dot", as Mrs. Keese is known to many of the office's patrons has been an employee of the local office since 1946 when she entered as a substitute working after school, Saturdays, holidays, and in the summertime.

30 YEARS AGO

March 12, 1948

Seven new names have been added to the 1948 membership list of the Belle Glade Chamber of Commerce during the past week, according to Secretary Virginia Roemer. They are Judge Richard P. Robbins of West Palm Beach, and Joe Robinson's Cut Rate Center, Spitalman's Bargain Store, Harry Ross, Gottlieb's Economy Store, Belle Glade Hotel by Helen Spann, manager, Jake M. Walton of Hendry's Super Store, and the Belle Glade Farmer's Cooperative.

Exalted Ruler A.E. Kirchman, of Belle Glade Lodge of Elks, at the lodge session, Monday night, announced that there would be initiation work on the evening of March 16th, for a group of candidates. The election of officers was held at the session and Lou C. Batzner, was elected to succeed Kirchman, as Exalted Ruler, and the other nominees made last week, were all elected by acclamation, and will be installed in April.

# City rents old offices to dentist

**BELLE GLADE**—In a workshop meeting, Wednesday night, the Belle Glade City Commission agreed to rent the city annex building on Avenue E to Dr. Ray G. Behm, Jr., a dentist.

Mayor Tommy Altman opposed the rental, but Commissioners William Greer, Ralph Kirk, and Claude Tindall wanted to lease it out and Commissioner Kenneth Harris said he wanted to see the building utilized and if it took renting it out, then he would

reluctantly go along with that idea. The smaller building next to the annex which used to house the building department will be torn down.

There were three applicants who wished to rent the building, including the Habilitation Center, the Health and Rehabilitative Service, and Dr. Behm.

The commissioners agreed that if it was to be rented, it would be better to have a professional office

as a tenant because of limited parking and compatibility with the rest of the Municipal Complex. An agreement is being drawn up between Dr. Behm and the city

and will call for a rent of \$250 per month with the city maintaining the outside of the building and Dr. Behm responsible for utilities and any renovations.

**MEMBERS OF THE PAHOKEE High Future Business Leaders of America Club** brought home three trophies from the District 8 competition held at Indian River Community College, Feb. 18. Pictured are, left to right, Joy Moon, 2nd place in Economics, Andra Nagler, 3rd place in public speaking, FBLA sponsor Miss Thayer and Judy Hewell, 2nd place in the poster art contest.

## Free blood pressure screening March 13-17

Free blood pressure screening will be offered in Belle Glade on Monday, Tuesday, and Wednesday, March 13, 14, and 15 in the parking lot of the old Wint-Dixie Supermarket on Canal Street in Belle Glade. The screening will take place from 11 a.m. until 8 p.m. daily.

The blood pressure testing will also be available in Canal Point on Thursday and Friday, March 16 and 17, from 9 a.m. until 5 p.m. The location will be in the Foodway Supermarket parking lot on highway 441 in Canal Point.

The public is encouraged to take advantage of this free offer which is a community service sponsored by the Seventh-day Adventist Church. The church, which concentrates on health services, is offering this service at the request of the Florida State Health Department and the Health and Rehabilitative Services.

The state health department has set the special target area as males, ages 24 to 45. The department believes that this group has not been adequately screened, and as chief breadwinners of their families, it is

imperative that a special effort be made to screen them for any problems, according to S.L. Dombrosky, Director of Seventh-day Adventist Community Services for Florida.

Dombrosky says that in this special age group, when there is hypertension, there is a need for medical follow-up to rule out kidney complication. Kidneys are commonly involved in high blood pressure. Deficient circulation in the kidneys (a low blood pressure) causes them to produce renin, which triggers the production of a powerful vaso-constricting chemical called angiotensin II, which raises blood pressure.

Referrals from the Seventh-day Adventist screening will be followed up by the Health and Rehabilitative Services of Florida. Employers who wish to arrange a special screening for their employees may do so by calling, (813)983-9393.

Although the "target area" of the screening is males in the 24 to 45 age group, the entire public, male and female, all age groups, is encouraged to take advantage of this free service.

## City declines offer to lease, buy land

**BELLE GLADE**—The Belle Glade City Commission declined an invitation by Happy Johnson, to purchase or lease 14 acres he owns near the proposed sanitary landfill and thereby settle one of the two suits Johnson has filed against the city.

City attorney John Baker noted it would be in both parties' interest to settle before going to court and costing both the city and Johnson considerable expense.

He said the city wants Johnson to move the derelict vehicles he has parked on three acres, clean up the property, and use it for the

purposes for which it is zoned.

Attorney Ron Jones, representing Johnson, said Johnson's property is now hemmed in on three sides by city and county-owned property.

But the commissioners agreed with the staff recommendation that the city could make no use of the 14 acres at the present time and declined to purchase it for the asking price of \$300,000 or lease it for a 20-year period at \$10,000 per year.

Johnson said he felt that if the city didn't need it now, it would need it sometime in the future.

## Student Government now on local campus

The Palm Beach Junior College-Glades Campus Student Government has three things to be proud of. First, it can boast of the brand new campus, which opened at the beginning of the winter term. Second, the 1978 year marks the first time the Glades campus has had an active Student Government representing their students. Third, which is also a first for the Glades campus, was the hosting of the first monthly PBJC-Multi-Campus S.G.A. meeting.

The Glades campus entertained the North, Central and South campuses. The meeting began at 5 p.m. with a dinner meeting which was funded by the Student Government. Shortly after the dinner, the visiting campuses were given a special guided tour of the new college, which is located at 1977 College Drive.

After the tour, the official business meeting began. The meeting began with a welcome to the visiting campuses given by Jeff Morris, President of the Student Government of the Glades campus. Next was the prayer and Pledge of Allegiance, given by Clarence Anthony, Vice President of the Student Government of the Glades campus.

Following the prayer and

pledge, the guest speaker, Dr. Cecil Conley, gave a message on how the various campuses should work together and work to communicate to the students at various events which are taking place in Palm Beach Junior College.

To come next was the business at hand. Topics of discussion included ways in which to better communications to the other campuses. It was decided to begin issuing newsletters on a bimonthly schedule. Also discussed were ways in which to get the "Beachcomber" to better represent the satellite campuses and not just the central campus. As a result of no representation of the Glades by the "Beachcomber," the Glades campus has begun a newspaper of its own named the "Lakeside Independent."

No decision was made about this matter so it will be discussed further during the April meeting, which is to be held at the North campus.

We would like to give special thanks to Freddy Harrell, Dr. Cecil Conley, Idell McLaughlin, Sandi Richmond and the many other people who were involved in making the S.G.A. a "dream come true" for the students of the Glades campus of Palm Beach Junior College.

## Happy Friends hold fish fry on Friday

**PAHOKEE**—The Happy Friends group, known for their weekly quilting get-togethers, enjoyed a special outing Friday evening, March 3, with a fish fry at the Woman's Club building on First Street.

The catfish dinners which the women themselves prepared included hushpuppies, baked beans and cole slaw. Among the 21 in attendance were Mr. and Mrs. Walter Boatright who were celebrating their 50th anniversary.

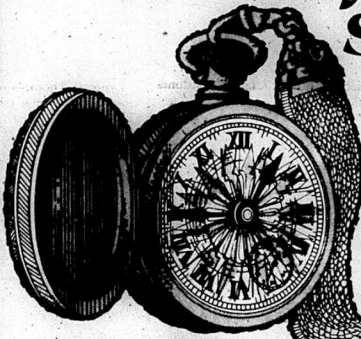

Mrs. Lola Ryals and Mrs. Bonnie Miller were in charge of arrange-

ments and various other "regulars" helped with the preparation of the meal.

The fish fry at home was a departure from other special outings that have taken them to such places as the Palm Beach Mall to enjoy a change of pace.

In February the Happy Friends celebrated their third birthday as all met for their regular monthly luncheon. The group was organized February 13, 1975. It is sponsored by the Pahokee Woman's Club, under the direction of Mrs. Ethel Johnson.

## Garden Club hears of mangroves

BELLE GLADE—The March meeting of the Belle Glade Garden Study Club was held in the home of Mrs. Edith VanLandingham with Mrs. Frances Ball cohostess. Refreshments served before the meeting were arrayed on a table adorned with beautiful decorated panoramic Easter eggs and a vase of fresh violets.

President Linda Steele presided over the business meeting. The artistic arrangement contest, mass arrangement, was won by Mrs. Jan Suttle.

The horticulture chairman, Mrs. Joy Larsen, reported on the importance of mangroves in our ecological system. Also, we should watch citrus for aphids which curl leaves and spray if necessary with nicotine sulphate or malathion. Hibiscus, arolia and croton cut-

tings can be rooted now.

Application for membership by Mrs. Marie Battle and Mrs. Helen Blair were presented for consideration.

Officers were elected for next year: president, Mrs. Joan Thompson; vice president, Mrs. Kate Trammel; secretary, Mrs. Jan Suttle; treasurer, Mrs. Francis Ball. The installing officer, will be past president Gloria Swager.

A program on corsage making conducted by Mrs. William Heidman was enjoyed by all. Instruction on wiring, taping and assembly of corsages and bouquets for both daytime and evening wear as well as contriving of flowers was most interesting and informative.

Members attending were Mrs. Frances Ball, Mrs. John Thompson, Mrs. Marie Breggars, Mrs.

Nancy Creech, Mrs. Sade Duda, Mrs. Ruby Jones, Mrs. Joy Larsen, Mrs. Laura Lockmiller, Mrs. Linda Steele, Mrs. Jan Suttle, Mrs. Gloria Swager, Mrs. Kate Trammel, Mrs. Edith VanLandingham, Mrs. Bee Wood and Mrs. Mary Roth.

## Hawk-Reese to be wed on March 31

PAHOKEE—The wedding plans of Miss Cynthia Hawk and Mr. Selby Wayne Reese have been finalized. The wedding will take place March 31, 7:30 p.m. at the First Baptist Church of Pahokee.

All friends and relatives are invited to attend the ceremony and the reception to follow.

The reception will be held at the home of Mr. and Mrs. James H. Wilkinson, Jr., 1049 E. Main Street, Pahokee.

## Panhellenics set luncheon on the coast

The Palm Beach County Panhellenic Association will have a scholarship luncheon at noon Saturday at the home of Mrs. Wainwright Love, 7711 Pine Tree Lane, Lake Clarke Shores.

(The luncheon is \$2.95. Members and prospective members are cordially invited.)

For reservations for the Saturday luncheon phone Renee Gibson, 622-4743.

## Woman's Club will meet at PBJC

BELLE GLADE—The monthly meeting of the Woman's Club of Belle Glade will be held at 1:30 p.m. today at Palm Beach Junior College-Glades.

The business meeting will start at that time with dessert and coffee. Fred John of the South Florida Conservancy District will be the speaker according to Mrs. Gloria Swager, conservation chairman. John will speak on conservation of interest in the area.

## Xi Zeta Mu elects new officers

BELLE GLADE—Xi Zeta Mu Chapter of Beta Sigma Phi Sorority met Monday evening at the home of Mrs. James Chamblee to elect officers for 1978-79. Mrs. Stedham was the co-hostess.

Officers elected were Mrs. Grady Ross as president, Mrs. Gene Enfinger as vice president, Mrs. Gordon Corbin as recording secretary, Mrs. Bert Ward as corresponding secretary, Mrs. J.D. Lee III as extension officer and city council representative and Mrs. Wayne Blair as alternate.

Other members attending the meeting were Mrs. Frank Cochran, Mrs. Carl Gilliam, Mrs. Dan Wallis, Mrs. Kenneth Lutz, Mrs. Tom Swager, Mrs. William Acree, sponsor Jane Evans, Mrs. Chamblee and Mrs. Stedham.

## Youth choir to sing in South Bay

SOUTH BAY—The Youth Choir of the Manhattan Baptist Church of Tampa will present an Easter Musical at the First Baptist Church of South Bay, Thursday, March 23 beginning at 7:30 p.m.

The public is cordially invited to attend the program.

## Bake sale is scheduled

PAHOKEE—The Daughters of Nehesi, a newly formed club from Pahokee, will sponsor a bake sale, this Saturday beginning at 8:00 a.m. across the street from Hitchcock Game Room in Pahokee. Everyone is asked to please come out and purchase the delicious baked goods that are going to be available for sale.

## Harris-Busbin tell of plans for wedding to be in June

MISS HARRIS

BELLE GLADE—Mr. and Mrs. Charles R. Harris of Belle Glade, announced this week the engagement of their daughter, Charlene Rae, to William R. Busbin, son of Mr. and Mrs. Albert R. Busbin, also of Belle Glade.

Miss Harris is a 1977 graduate of Christian Day School and is presently attending Palm Beach Junior College.

The groom-elect is a 1977 graduate of Glades Central High

School. He is presently in the Navy, stationed in Gulf Port, Miss. The couple plan a June wedding.

MARK FRANCES RAMOS

## Big Lake Districts King and Queen from church

—BELLE GLADE—Representatives from the Belle Glade Church of God recently won the Title of King and Queen for the "Big Lake District."

The contest was to raise money to build a Mission Church in New York City. The local church raised \$900 for this project. The runner-up was Okechoke with \$255.

Our Queen is Mary Frances Ramos. She is 13 years old and at-

tends Christian Day School. She is the daughter of Mr. and Mrs. Jose Ramos of Belle Glade.

Our King is Paul Allen. He is also 13 years old. He attends Glades Day School. He is the son of Mr. and Mrs. N.D. Allen of South Bay.

Many Frances and Paul would like to thank everyone who helped in this project.

PAUL ALLEN

## Cane Technologists elect new officers

PAHOKEE—At the Feb. 10 meeting held by the Florida Division of the American Society of Sugar Cane Technologists, officers for the 1978 year were elected.

The officers are as follows: President, Blas Rodriguez; First Vice President, Jim Beardsley, Sr.; Second Vice President, Antonio Aruesu; Chairman of the Agricultural Section, Gary Gascho; Chairman of the Manufacturing Section, Murray Brinson; Chairman at Large, Tom Carpenter; and Secretary-Treasurer, Jerry Kidder.

A joint meeting with the Louisi-

ana Division Society of Sugar Cane Technologists will be held in Orlando in June. Plans are being finalized.

## United Methodist Women meet

PAHOKEE—The Pahokee chapter of the United Methodist Women met on Monday, March 6, in the church parlor with President Marguerite Maxwell presiding.

Mrs. Alice Spooner opened the meeting with prayer and in the absence of the treasurer, she also gave the treasurer's report.

Final arrangements were made for the noon luncheon for the district ministers and their wives which was held Thursday, March 9. The different circles were also

asked to furnish sandwiches for the March of Dimes Walk-a-thon to be held April 1.

Mrs. Alyse Tyson made a motion that mission-giving for this quarter be sent to Zair, Africa. With the second of Mrs. Irene Bowe, the motion was moved and carried.

Mrs. Bowe, Christian Personhood Chairman, gave her report on the Golden Link Friends and the delivery of a tape recording.

Next Mrs. Tyson reported that the Miriam Dulaney Circle met in

the church parlor for their last meeting. The Simonson-Lair Circle met at the home of Mrs. Nellie Moss with 11 present, including two guests.

The program was presented in two parts. The first was an inspiring Easter presentation by Mrs. Francis Vorhees with each person present being given a piece of white material representing a shroud for old life and a butterfly representing new life.

The second half of the program was presented by Mrs. Bowe on prayer chains, what happens when women pray and how prayer can be more effective.

Following the presentations, refreshments were served by the Simonson-Lair Circle.

## Status of women meet set

BELLE GLADE—The Palm Beach County Commission on the Status of Women (COSW) will hold its regular March 28 meeting in Belle Glade, at 7:15 p.m. at the Glades Office Building.

Continuing efforts are being made by the COSW to be accessible to and receive input from all areas of the county, according to Suzanne Fogel, COSW coordinator. "In this way we hope to better assess the needs and address the concerns of all residents."

## Final plans announced for couple

Mr. and Mrs. Lewis Kelsie of Clewiston announce the final wedding plans of their daughter, Christine, to Bobby Ingram, son of Mr. and Mrs. Byrl Ingram, also of Clewiston.

The wedding will take place at 8 p.m., Saturday, March 18, at the First Baptist Church of Clewiston. No local invitations will be sent but all friends and relatives of the couple are cordially invited to attend the ceremony and reception. The reception will be held at 205 East Esperanza in Clewiston.

CORONARY CARE course participants from Glades General Hospital were, from left, Richard C. Lalone, director of nursing at Glades General, Bonnie Peacock and Patty Alice Rigdon, Judy Groves, Aurora Varona, Hood.

## Nurses complete coronary course

BELLE GLADE—A total of 18 nurses from Glades General Hospital were recently awarded certificates of completion for satisfactorily passing a 40 hour coronary care course given at the local hospital.

Richard C. Lalone, R.N., Director of Nursing at the hospital, stated that the knowledge gained from the course will greatly enhance the ability of the nurses at Glades General Hospital to deal with acute and chronic cardiac problems.

Lalone said this is but one of the specialized courses that are scheduled to be presented to nurses in the Glades, affording them the opportunity to keep abreast of advances in all aspects of nursing care.

Nurses from Glades General Hospital who received certificates were: B. Peacock, R.N., P. Hood, R.N., R. Ware, R.N., J. Kennan, R.N., C. Snow, R.N., K. Corderman, R.N., A. Varona, R.N., O. Letsinger, R.N., L. Weathers, L.P.N., A. Rigdon, L.P.N., J. Groves, L.P.N., W. Lowe, L.P.N., S. Yarbrough, L.P.N., S. Fernandes, L.P.N., V. Hart, L.P.N., L. Scurluck, L.P.N., S. Wallis, L.P.N., and S. Ashton, L.P.N.

## Parade is forming for 50th anniversary for city

BELLE GLADE—The parade scheduled to kick off the day's festivities on April 8 when the city celebrates the Golden Anniversary is already forming according to parade chairman Lynette Thompson.

Mrs. Thompson said the 50th Anniversary Celebration parade already has 15 floats entered, along with some other units who will be marching or rolling along the parade route.

The Glades Central High Marching Maroon Machine will provide the cadence for the parade and additional music will be provided by Sweetwater, a light rock and country music band from Clewiston.

Mrs. Thompson said entries for the parade will be taken through March and the entries can range from floats and marching units to antique cars and horse and buggy rigs.

"There will be a bicycle and a small motorcycle brigade," she said. "If a person has a noisy muffler on their motorcycle, please don't try to enter. Decorations would be appreciated but are not essential."

Mrs. Thompson said cash prizes will be given away to the first three winners among the floats. The first place, \$150 prize is being sponsored by Sugar Cane Growers Cooperative of Florida, Inc.; the second place, \$100 prize is being sponsored by Royal's, Inc. and the third place, \$75 prize is being sponsored by Glades Mercantile, Inc.

She said there is no entrance fee and anyone interested in entering should call her at 996-6205, the City Hall at 996-0100 or the Chamber of Commerce at 996-2745.

So far, she said she has received a number of entries. She has named Ruth Wedgworth as parade marshal and the Belle Glade Color Guard will lead the parade. She said she also expects approximately 150 Shriner units.

## Christian Comments

The achievement of a true stable faith in God is not only a happening, but also a way of life. One can not wake up some morning and say to himself, "Today I'm going to have a religious experience."

The Bible tells us "Faith is the substance of things hoped for, the evidence of things not seen." (Hebrews 11:1) When you read this, you come to the place of more than just hoping; every fiber in your body strives for the knowledge that you and God are one.

Like any relationship, it is strengthened through a process of time and experiences. It is hard for a person to follow a God whom he can not see; therefore, the best thing for a young Christian to do is to find a relevant relationship between God and himself. Nature is not God, but part of God's relationship with man, thus man can come to understand God better by

enjoying nature. Like Adam walking with God in the garden, man can walk with God in his own little garden, wherever he chooses it to be.

God is always available for an opportunity to establish a relationship with man, but man is not always ready to do his part in this two-way bond.

In the Old Testament man tries to find God and establish a relationship with Him.

In the New Testament God establishes a relationship with man through Jesus Christ.

By Bill Anderson  
Pastor, First Baptist Church  
South Bay

## Belle Glade Methodists planning homecoming

By Miriam Dulaney

BELLE GLADE—The Community United Methodist Church of Belle Glade will celebrate its first "Homecoming" on Sunday, April 9.

The church has a unique history, and has made a vital contribution to the religious life of the Glades throughout the years. It had its beginning sometime prior to the great disastrous and tragic 1928 hurricane, which resulted in tremendous loss of lives, homes, businesses, etc. in the Lake Okechobee area.

COVERED DISH DINNER IS SATURDAY

CANAL POINT—A covered dish dinner will be held Saturday night, March 18 at 7 p.m. in the Canal Point Baptist recreation hall.

An invitation is extended to all who would like to partake

The church was served prior to 1932 by itinerant circuit—residing ministers, who travelled the water ways from Key West to Jacksonville "through the St. Johns River and its tributaries, the Gulf Coast and the Caloosahatchee River with their connected lakes—to hold evangelistic meetings—and to organize them as far as possible into groups for regular preaching and pastorates."

Many of the residents of the present denominational churches of this area, fellowshipped with the local Methodist church prior to forming their own congregations.

Mrs. Milton O. Carpenter and Mrs. Earl Lindrose are co chairmen for the "Homecoming" event, with the pastor, the Rev. Guldmar J. Blair, ex-officio member.

## Lake Area Obituaries

ROYCE H. SWAIN

SOUTH BAY—Funeral services for Royce H. Swain, 70, a longtime resident of the Glades, were held Tuesday, March 14 at Mixson Funeral Chapel with the Rev. Guldmar Blair, pastor of Commu-

ity United Methodist Church, officiating.

Swain was born in Chula, Georgia and came to the Glades in 1941 from Ty Ty, Georgia. He made his residence at 433 S.E. First Street here. For many years he operated a retail merchant business and in later years he worked as a storekeeper at the Agricultural Research and Experiment Station. He was a Methodist Church member and a member of the Belle Glade Lodge #273 F&AM for more than 30 years.

Survivors include his widow, Mary E. Swain of South Bay; one son, Hubert C. Swain of Belle Glade; one sister, Ruby Johnson of Ty Ty, Georgia; two grandchildren, Stephanie Lottes and Russell Williams of Belle Glade.

The pallbearers were Fred Sommons, Robert Allen, W.J. Norris, Elgee Johnson, Charles Critchfield, Donald Aspey and Bill Aspey. Burial was in Port Mayaca Cemetery with the Belle Glade Masonic Lodge #273 F&AM conducting the graveside services. Mixson Funeral Home was in charge of arrangements.

TRAVIS COOK

Travis Cook, infant son of Mr. and Mrs. Ralph Cook of 1731 Bacon Point Road, Pahokee, died Sunday, March 12. Survivors include the parents, Ralph and Kathy Cook; brothers Thomas and Timothy Cook; grandparents, Mrs. Beulah Cook of Pompano Beach and Mr. and Mrs. R.O. Crosby of Pahokee.

Graveside services were held Tuesday, 10:00 a.m. at Forest Lawn Memorial Gardens, Pompano Beach.

Wetherington Funeral Home, Pahokee was in charge of arrangements.

## READY FOR New CARGO

This ship has been emptied of its cargo, and now stands ready to take on fuel and more cargo for further service. If this ship were to remain empty, it would be of no value and would be failing in the one thing that it was built for.

Man was created to be a companion to God, and when he does not join in worship with God, he is failing in the reason for his creation. Make your life mean something for God...

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Calvin Adv. Serv.

## Softball team loses 14-13 heartbreaker

The Glades Day girls' softball team lost a heartbreaker 14-13 in their first game of the spring season last week to Kings Academy.

In the first inning the Gator girls were ahead 8-1 but, according to coach Mandy Perez, they became overconfident and Kings caught them in the third and tied the score 8-8.

Once again, the Gators pulled ahead 11-8 only to have Kings pull abreast of them once more, then go ahead 12-11 in the seventh.

In the last inning, Kelly Teats singled and Donia Adams walked, leaving Mimi Fowler to bat, who singled. Melony Swager then got a double line drive and Bobbie Lou Markham got a single, putting the Gators ahead once

more, 13-12.

The girls remained ahead until Kings had two out at the bottom of the last inning. But one walked and one singled and a Kings player got a triple off two errors, driving in the two winning runs.

Bobbie Lou was the leading Gator batter, going three for five and five RBIs and scoring three runs. Two of her hits were doubles.

Unfortunately, Bobbie Lou will be out of action for a couple of weeks with a sprained ankle she suffered when she slid into second.

Denise Morgan had three hits at four times up and three RBIs and Maria Crawford hit a triple while going 3-4. She also had a double and two RBIs.

## Wind gives edge to Tiger golfers

The Gator golf team played their first match Friday and the wind apparently hindered the Glades Day players, ending in their loss 18-181.

The team leader was Sammy Duda, who shot a 43, followed by seventh grader Jessie Lee with a 46. Lee was tied by Harry O. Walker and followed by Mark Fowler with a 48.

The low man for Clewiston shot 37 in the nine holes, according to Coach Byron Walker.

Some of my guys who've been shooting regularly in the low 40's wound up in the mid and high 40's," said Walker.

The next match will be played Friday in Belle Glade against John Carroll, a team Glades Day tied for eighth place in the 16-member district last year.

## Find clear water and you'll find the bass

By Nan Corbin

**BELLE GLADE**—The warm weather over the weekend brought the fishermen back to the Belle Glade area. Water in the Winnie's Cove and Long Point areas are beginning to clear up and most catches reported during last week came from these areas.

Harold Pierson, of Girard, Ill. reports that he has taken his limit of bass for five days in a row using a green Peco Perch.

Glenn and Donnie King of Richmond, Ky. took 17 bass to four pounds each on Wednesday using spoons and worms.

Steve Burnett and Clyde Shaw of Webster's Chapel, Ala. came in on Thursday with 8 1/2 and an eight pounder.

Dick Williams of Stanfton Montana, used a plastic worm

Thursday to take a 9 1/2 pounder and then fished again on Saturday with Cecil Jean of Campbellsburg, Ind., and David Jean of New Albany, Ind. to bring in a total of 22 bass with an eight pounder in this catch.

Local fishermen Gene Redd and James Spires used plastic worms on Wednesday afternoon to take 17 bass to four pounds each.

Fort Lauderdale fisherman Dick Jackson used a Snagless Sally on Saturday to take his limit with a 7 1/2 pounder and another at 6 1/4.

A. J. McGinnis of Charleston, W. Va. brought in a 6 1/4 pounder on live bait on Saturday.

## Kautz is promoted

**WICHITA, KAN.**—John E. Kautz, son of Mrs. Mary L. Royals of Pahokee, has been promoted to master sergeant in the U.S. Air Force.

Sergeant Kautz, an aircraft fuel systems technician, is assigned at McConnell AFB, Kan., with a unit of the Strategic Air Command.

The sergeant, a 1961 graduate of Pahokee High School, is presently attending Kansas Newman College at Wichita, during his off-duty hours.

His wife, Gloria, is the daughter of Mrs. Helene K. Kinney of 1410 Main St., Bellevue, Neb.

## Science show is scheduled

**PAHOKEE**—Willie Walker, coordinator of the Science department for all three grades at East Lake Middle School, will be sponsoring a showing of student exhibits, beginning March 13.

The exhibits will feature social studies, science and mathematics projects and will continue through March 17 at the school's Media Center.

Later, the projects will be exhibited at the Palm Beach Mall during the Region II Science Fair. The East Lake showing will be open to the public. The media center closes daily at 3 p.m.

## Sheryl Allen finishes course

**SAN ANTONIO**—Airman Sheryl A. Allen, daughter of Mr. and Mrs. Dale D. Allen of 2541 S.W. 14th St., Pahokee, has been assigned to Sheppard AFB, Tex., after completing Air Force basic training.

During the six weeks at Lackland AFB, Tex., Mrs. Allen studied the Air Force mission, organization and customs and received special instruction in human relations. Completion of this training earned her credits towards an associate in applied science degree through the Community College of the Air Force.

Airman Allen will now receive specialized training in the accounting and finance field.

She is a 1976 graduate of Pahokee Junior Senior High School.

Thurs., March 16, 1978, HERALD-OBSERVER-9A

## Final hearing on lake level will be in Stuart

A final public meeting will be conducted by the Corps of Engineers and the South Florida Water Management District at 7 p.m. April 3 in Stuart concerning a proposed interim lake regulation schedule for Lake Okeechobee.

The hearing will be held at the Administration Center in the County Commission Meeting Room at 50 Kindred St. in Stuart.

Similar meetings were held in mid-February in Miami and Clewiston.

Project works have been under construction around Lake Okeechobee which would allow the lake regulation schedule to be safely raised from a 13.5-15.5 foot range to the 15.5-17.5 foot range.

This schedule was developed considering comments received at a workshop in West Palm Beach in 1977. The new schedule will allow additional storage for water supply for agriculture, urban areas and Everglades National Park.

The purpose of the meeting is to inform the public of the proposed new lake regulation schedule and to obtain the public's views.

Interested parties are invited to attend or be represented. They will be given the opportunity to express their views freely, fully and publicly. All comments will be recorded and made a part of the official record and will be carefully considered.

## Bell

Cont. from P1

coastline, he told the club members. Today, this is no longer the case because there is no sheet flow. Therefore, salt water from the ocean has rendered some wellfields useless, he said.

The eutrophication of the lake was his next topic of discussion. He noted some eutrophication is desirable, but with the chemicals flowing into the lake's water through backpumping and the Kissimmee River, the process has been speeded up and "many people are concerned hyper-eutrophication is being approached." This, he said, is a situation marked by frequent and massive algae blooms, unpleasant smelling water, and a limited fishery.

Bell admitted some of the sources of nutrients appear to be from the northern areas of the lake and there, settling ponds and other measures are being taken.

These measures call for the setting aside of good, usable agricultural land, said Bell for ponds and other things.

This brought on his "good news." Bell said the Federation is in favor of the "Hartwell Plan" developed by a retired hydrologist. He said approximately 280,000 acre-feet of water per year is backpumped into the lake and instead of backpumping, the Hartwell plan calls for this water to be used to establish a sheet flow of water over the Holey Lands and Rotenberg Tracts.

Several backpumping structures would have to be built, he said, but the plan is "acceptable and workable" and is the only alternative to backpumping.

Bell said the Hartwell plan could be initiated within a year and that after the water flowed in a sheet over Rotenberg and the Holey Lands, it would be cleaned and stored in the conservation areas to the south.

Much of the water, he said, would soak into the ground and prevent salt-water intrusion.

The plan would also call for the closing off of the Lucie and Caloosahatchee Waterways, retaining around a million acre-feet of water that now flows to the sea.

This, he said, would more than make up for the volume of water lost through not backpumping.

In a question and answer session following his talk, Bell said backpumping is now illegal anyway, but Glades Sugar Co-op president Georges Wedgworth noted this was due to an administrative regulation and not a law passed by the legislature and was in the process of being changed.

It was also noted that the water flow of the Caloosahatchee River

could not be cut off as the City of Fort Myers draws its drinking water from there.

Bell said the Federation is concerned with the overcrowding of the coasts but didn't have an idea of how to control it.

He said the notice of suit pending against the South Florida Water Management District to halt all backpumping is being pending whatever action is taken by the Department of Environmental Regulation.

## 50th Fest

Cont. from P1

feature barbecued chicken, baked beans and salad, will be on sale for \$3 per person in the next few days at a number of locations.

A parade is scheduled for 10:30 a.m. April 8 and 11:15 p.m. will wind up with fireworks at the marina, followed by a dance for adults at the Belle Glade Elks Lodge 1716 and a teen dance at the marina.

Junior Woman's Club dance chairman Gina Farley said Tuesday the club had held a drawing for a hind quarter of beef at Food Center to raise funds for the dance. Winner of the hind quarter was Mrs. Theo Dooley. Mrs. Farley said Food Center sold the beef to the club at cost to help finance the operation.

Mrs. Farley said the dance will

## CDS safety patrol gets bonus

BELLE GLADE-Christians Day School students turned out to be shrewder than expected by Mayor Tom Altman, and luckier than they expected, and wound up leaving the regular city commission meeting Monday night with more money than anyone expected.

The six students, with James Barnwell acting as a spokesman, appeared before the commission to ask for a donation to help finance a trip to Washington, D.C. for the school's safety patrol.

Mayor Altman, after the commission had heard Barnwell's request for \$500, and authorized a \$300 donation instead, told the young spokesman that the next time he appears before the commission, he should consider asking for more than he really wants because when the commission decides to give less, he would be receiving the amount he really wanted in the first place.

"I really wanted \$300," James

said, sending up a storm of laughter and applause, and bringing a smile to Altman's face.

But the students received a bonus in the form of an unexpected \$100 donation from the Kiwanis Club of the Glades.

The Kiwanians had appeared before the commission to express gratitude for the permission granted two weeks ago by the commission to hold a fund-raising fair and for the help provided the club by city employees.

The Kiwanians had already made their case and, during the commission meeting, huddled for an impromptu board meeting in the back of the commission chamber and announced their donation as the students and their escorts were getting ready to leave.

Christian Day School's requests from the three cities in the western part of the county yielded a total of \$750, with \$200 coming from Pahokee and \$150 being donated by South Bay.

## Walkathon

Cont. from P1

being called Superwalk '78, were firmed up in a joint meeting Tuesday evening between Belle Glade and Pahokee volunteers at the Pahokee First Methodist Church.

Joining in the meeting was Palm Beach County March of Dimes Director Bo Stine. The 20-mile hike will begin at 8 a.m. April 1, with an estimated 500 walkers leaving the Fritz Stein property at SR 715 and Northwest Avenue L in Belle Glade and an estimated 300 walkers leaving at the same time from City Park in Pahokee.

The Belle Glade walkers will hike to City Park in Pahokee and return. The Pahokee walkers will hike to the Belle Glade starting

point and back. Checkpoints for the walkers, as usual, are located at Hooker Highway, Rardin Park and the Palm Beach County Airport in Pahokee.

Gail Dixon, who is heading up the Pahokee volunteers, said she intends to have a total of two sandwiches for each walker, distributed at Rardin Park, one going and one returning.

Mr. and Mrs. Jim Huggins, overall Glades coordinators and Belle Glade chairman, said they would be providing sandwiches at both Rardin Park and the Belle Glade starting point.

Soft drinks will also be provided at the walkers at Rardin Park, with each city operating its own stand. Huggins stressed each city will also be handling its own walkers at each checkpoint. Soft drinks are also being provided at Lake Equipment, courtesy of the equipment dealer.

The walkathon, the fifth annual one in the Glades, is sponsored by the March of Dimes to help raise funds for research and treatment of birth defects. The walkers get people to sponsor them at a given amount per mile, collecting for 20 miles if they complete the entire walk. The money will be turned in Saturday, April 8, at a collection party being scheduled from noon until 2 p.m. in Rardin Park.

Stine said the Glades walkathon, will be the first in the state to use a new form of sponsor sheet, which allows space for 30 instead of 23 sponsors.

Stine handed out the sponsor sheets and other forms to the volunteers Tuesday and the distribution throughout the community began Wednesday.

Stine said a group of ham radio operators, which handled communications and security in West Palm Beach for the coast walkathon last weekend, had offered to provide the same service in the Glades walkathon.

Trophies will be awarded at the collection party to the three walkers from each city to turn in the most money in pledges at the party.

## Walsh

Cont. from P1

the state, through the Division of Planning, did a \$1 million study which indicated Lake Okeechobee was "eutrophic."

This year, an order was handed down by the Department of Environmental Regulation denying the South Florida Water Management District from backpumping waters into Lake Okeechobee.

A temporary permit to backpump has now been issued, said Walsh, but this is contingent upon several other factors, the most important being a proposed change in the water quality rules under the Federal 208 program.

"In all fairness," he said, "the state is feeling the pressure of the federal government to achieve optimum water quality and to make bodies swimmable and fishable."

Added to that is another suit, filed by an individual in Dade County, which is being fought to further improve the water quality in Florida.

Still another factor, said Walsh, is a power play between the FCD and the DER as to who will manage water resources on South Florida.

Backpumping is a complex issue whose borders overlap into other fields and cross the boundaries of federal, state, district, and local governments.

If the water quality rules change is successful, said Walsh, Lake Okeechobee would become an outstanding national water resource which would mean agriculture would not be allowed to pump agriculturally-classified waters (Class IV) into water designated for recreation, such as Lake Okeechobee (Class III). It would also mean water would have to be retained on the property owner's land.

On top of that, said Walsh, the City of Clewiston is generally believed to have kept the most accurate records in the area on obtaining drinking water from the lake. Clewiston has not changed its chemical treatment of its drinking water in the past ten years, indicating the water has not changed.

Likewise, he noted, the FCD says the water quality of the lake has not changed in the past five years despite backpumping.

And if Lake Okeechobee is declared a national water resource, such as has been done in other areas, the government has at-

tempted to control and reduce the amount of motorboat traffic on it. "Frankly, gentlemen," said Walsh, "we are in one hell of a fight right now."

The ammunition the industry will be using is being gathered together right now. Next month, the Sugar Cane League and the FCD will jointly release a new study of water quality that "offers no surprises."

Also, the DER is being petitioned to make sure of the validity of certain of the rule changes it is proposing.

"This one rule change," said Walsh, "could be the most economically adverse ever undertaken in this area."

He urged the Rotarians to carefully review the statements made by a representative of the Wildlife Federation each week and ask questions of their stand.

Walsh also echoed the thoughts of Glades Co-op president Georges Wedgworth, noting it may be better to have a lot of water slightly enriched than a lot less water that is of better quality.

"If we have to store water on our land," he said, "transpiration

will take a large amount away from us and we will be forced to draw from the lake for irrigation. This will mean we'll not be putting any water into the lake and will be drawing it out, and the lake level will go down."

Following the meeting, Walsh noted the League has embarked on another study on the "limiting nutrient," or the element which causes rapid plant growth in aquatic weeds and another on the "order of magnitude" of a cease of backpumping.

They will be released at a future date.

## Alice Stephens

earns honor

Alice Stephens, a senior in the Missiology Department at the St. Paul Bible College, St. Bonifacius, Minn., was named to the Dean's List at a special student convocation at the college.

Miss Stephens, whose parents live at 509 N.E. 3rd St. in Belle Glade, ranked 14th in the school and earned a grade point average of 3.5, carrying 18 credit hours.

## Meeting scheduled on 208 plan

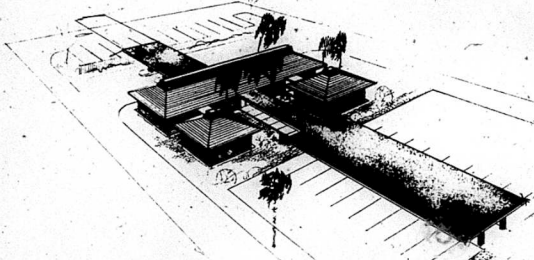

BELLE GLADE—A discussion among area growers on the feasibility of various methods of water pollution control under the 208 Plan will be held at 8 p.m. Tuesday in the library conference room at the Agricultural Research and Education Center.

Palm Beach County Agricultural Extension Agent Kenneth Schuler said the meeting is being scheduled to provide area farmers with what has been done so far on non-point pollution control and give them a chance to provide their own input.

The main speaker at the meeting

will be Kenneth Wiswald, a consulting for the Area Planning consultant for Roy F. Weston Board. He said a limited supply of Environmental Consultants-Designers, Westchester, Pa., a company handling part of the

copies of the 208 Plan will be on hand

THIS IS THE PERSPECTIVE VIEW of the Belle Glade branch of the Bank of Pahokee, which president Rupert Mock said this week will be completed in the late summer. Work will begin on building renovations as soon as plans are completed and the branch will

operate as a full-service bank. The building is located on South Main street and is the old offices of Dr. John Grady. Mock said the branch is being established in Belle Glade in order to serve the many customers living in Belle Glade and South Bay.

## Airboaters set meeting

PAHOKEE—The Glades Airboaters will meet at the Lions Club in Pahokee tonight (Thursday) beginning at 8:00 p.m.

The club members decided at the last meeting in Belle Glade to affiliate themselves with the Florida Wildlife Federation and to set the yearly dues at \$15.

A member of the Federation will be at the meeting tonight to discuss the organization.

At the last meeting, members of the Coast Guard Auxiliary appeared to discuss lake search and rescue operations and the club is presently working to develop a code of ethics for airboating on the lake.

## Profile In Business

BELLE GLADE—Edwin Lively is the owner of Lively Enterprises located at 309 South Main St. in Belle Glade.

A resident of Belle Glade for 31 years, Lively decided to go into business in 1972 after working for ten years as a paymaster for Florida Sugar Corporation.

Lively offers a variety of commercial and residential carpet and vinyl, including Burlington, Calloway, Ludlow, Monticello, Gayla, Camelot, Walcrest, Mannington, GAF, Monsanto, Laurelcree, Rowell, and Armstrong. Clerk, Nora Halthcock, is in the store from 8:30

5:00 Monday through Friday. A carpet cleaning service is offered from a two truck operation. One is operated by Mike Norvell, and the other, operated by Lively, is an in-truck unit, recently purchased to better serve the Glades area. This machine is self-powered, it generates its own electricity, has an oil burner which can heat the water up to 250 degrees, mixes solution and empties automatically. The vacuum and pressure hoses with the cleaning attachments are the only things taken inside. The power plant stays in the van. An outside cold water faucet is all that is needed to operate the machine. The unit uses no shampoo, since shampoo attracts dirt. It uses a chemical under 400 lbs. of pressure that sanitizes as well as cleans. The

Steam-Way method has no harmful effects on the carpet since the machine delivers and retrieves the steam solution at such speed that the carpet does not become soaked.

In order to learn the operation and maintenance of this new equipment, Lively had to attend school at the factory in Denver, Colorado.

Lively Enterprises is also the area distributor for Kirby Vacuum Cleaners. Complete Kirby repair service is available at the store. Two exterior pressure cleaners are used to clean mobile homes and houses.

Edwin Lively was born in Daytona Beach, and came here when his father was transferred to the Florida First National Bank in Belle Glade. He attended Belle Glade High School and received an A.S. Degree from P.B.J.C. He enjoys water skiing and family outings. Lively has a step-daughter, Christy, and his wife Gloria is expecting in May.

Lively is a member of St. John's Episcopal Church where he is Senior Warden. His family was one of the founding families in the church. Lively Enterprises is also a member of the Chamber of Commerce of Belle Glade.

Edwin says, "If we might be of service to the people of the Glades, please call us at 996-9796."

PAHOKEE'S CHUCK HAGER is just in time to beat the runner to third base during a game with North Shore Friday. The Devils trailed by only four points at the end of the game, losing 11-7.

Started on good note

## Blue Devil record dwindles

PAHOKEE's Blue Devils baseball season started out on a good note but, with the loss to Atlantic and North Shore last week, their record has dwindled to one win and four losses. Coach Sam Jones cited too many errors as the Devil's primary fault.

Tuesday, March 7, Pahokee High was up against Atlantic. The Eagles emerged with a 10-0 victory, ten runs on eight hits and no errors. Pahokee had no runs on four hits and made five errors.

The Devils held their own in the first three innings with the score tied 0-0. However, in the fourth and fifth innings, Atlantic scored their ten runs. They had two earned runs out of the ten scored.

Nathaniel Hannah had two hits for Pahokee in that game which was called after the fifth inning.

Friday, March 10, the margin decreased, Pahokee losing to North Shore by only four points. The score was 11-7.

The Blue Devils jumped off to an early lead on Darrel Douglas' homerun over-the-fence slammer in the first inning.

North Shore tied the score in the second on an unearned run. In the top of the fifth North Shore took the lead with two more runs but a dual effort soon sored the Devils ahead.

In the bottom of the fifth, Pahokee scored four runs on Douglas' double and Vince Bush's double, knocking in James Jones who had a single and Hannah who also had a single.

With David Pelham hitting a

single to knock in two runs, Pahokee took the lead 5-3 after five innings. The sixth inning saw Pahokee making two errors and walking two batters. Also, North Shore's Tim Konides, their first baseman, hit a grand slam homerun.

Both teams scored in the seven innings but Pahokee came up short. Douglas led the Blue Devils with his homerun, a double and a

triple. Hannah also excelled with a single and a double. Pahokee made seven errors.

Coach Jones noted Carlton Boone pitched a good game, giving up two earned runs out of 11 runs scored. "We would be hard to beat if we cut down on our errors," the coach said. "We average six errors a game. And we can't win games making that many errors."

## Glades Day girls continue to win

The Glades Day girl's tennis team upped their season record to 6-1 this past week when they aced Clewiston, but the boys fared worse, falling to the Tigers 5-2.

In singles matches Beau Wigley, Susie Stevens, Denise and Monica Hooker, and Shelly Sniffen beat their opponents. Denise and Monica teamed up for a doubles victory and seniors Evelyn Galus and Nancy Creech followed the sisters' act with their own double win.

In the boy's match, Phillip Dulaney won a singles match in a three-set victory and Bill Cochran beat his man for the two wins the Gators posted.

The Gators were to take on Kings Academy Tuesday at Kings but were returning home Thursday to host Jupiter at 2:30.

This marked the approximate halfway point in the regular tennis

season and girl's coach Rita Schoenfeld said she is pleased with the record thus far.

The girls have been beaten only by Martin County, perhaps the best team in the district.

## Pahokee loses to Raiders in softball

PAHOKEE-After a 7-0 loss to Glades Central last Wednesday, the Pahokee High girls softball team got it all together to beat Suncoast at home in the Monday afternoon game.

The Blue Devils fell behind in the first inning by two runs but came out on top in the second inning with a one-point lead. The score was 3-2. From then on, it was smooth sailing for Pahokee, who

kept the lead throughout the remaining play, heading the final score 10-2.

With the exception of two hits, all Pahokee hits were singles. The standout hits were made by Tina Hill with a triple and Betty Bines with a double. Pitcher Carla Lot also had a good game, striking out two Suncoast girls. All of Suncoast's hits were singles.

## Meeting set in Clewiston for comments on lake fishing

The public is cordially invited to attend a public meeting conducted by representatives of the Florida Game and Fresh Water Fish Commission Thursday night, March 16 at the Clewiston City Hall at 7:30 p.m.

The meeting is being sponsored by the Clewiston Chamber of Commerce as a public service in an effort to provide factual information relating to fishing in Lake Okeechobee.

Fishing in the lake, both commercial and sports, has been quite controversial for the last few months and representatives of the Game and Fresh Water Fish Commission have been asked to provide the latest information available to the residents of the area, based on their surveys and research.

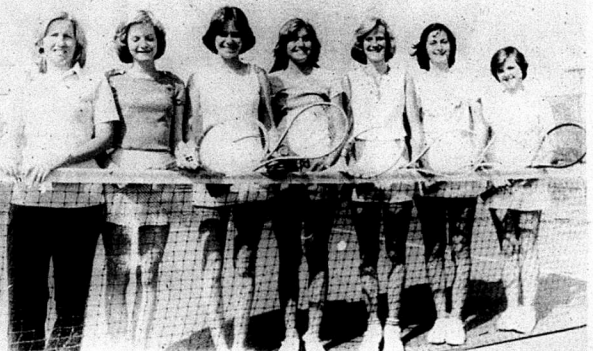

Lothian Ager, Commission biologist from

Okeechobee, has arranged for F.G. Banks, Director of Bureau of Fisheries and Brantley Goodson, Director of Bureau of Law Enforcement, to attend the meeting and to speak on the activities of their departments relating to Lake Okeechobee.

Robert M. Brantley, Executive Director of the Commission, has been asked to attend and Ager is hopeful that he will. Major Louis F. Gainey, Regional Manager for the Everglades Region, will also be present.

Because of the current feeling existing between sports fishermen and commercial fishermen, Drake is hopeful that a large delegation of residents and interested individuals will attend and listen to the information being offered by authorities in the Game and Fish Commission.

The public is cordially invited to attend.

MEMBERS OF THE GLADES DAY girls tennis team are, left to right, Coach Rita Schoenfeld, Cheryl Hooker, Monica Hooker, Shelley Sniffen, Denise Hooker, Beau Wigley, and Susie Stevens. The girls as of Monday had a win-loss record of 6-1, their only defeat at the hands of tough Martin County. Staff Photo

## GCHS Thinclads win three first places

FORT MYERS—Three first places were won by the Glades Central track team Friday at the Ninth Annual Panther Relays at Cypress Lake High School here in competition with 14 other teams. Michael Collier won first place trophies in both the high jump, with a 6'0" effort, and in the long jump, leaping 20'8" to beat out 30 competitors.

The mile relay team scored the only other first place, completing the course in 3:37.8. The relay team is made up of Willie Tyler, Don Andrews, Joe Byrd and Allen Johnson.

Craig Bain won fourth place in the long jump with a 19'11" jump and Lindell West won sixth place with a 19'2 1/2" jump. Jessie Haynes won sixth place in the high jump with a 5'10" leap.

Team points were picked up by Freddie Garrett, who took second place out of 30 players in the discus with a 139' 1/2" toss of the plate and Charles Miller won fourth place in shot put competition against 27 players with a heave of 44'6 1/2".

Bernard Walker placed fifth in the 100 yard dash in 10.3 seconds.

In the 330 yard intermediate hurdles, William Johnson placed second in 42.8 seconds and Michael Russell won third in 43.0 seconds. Russell had the best time in the prelims with 42.0 seconds.

## Gators win first two ball games

The Glades Day Gators won their first two baseball games of the season last week, defeating Moore Haven 5-0 and Boca Raton 8-2.

Tommy Duda was the winning pitcher against the Terriers, pitching a two-hitter and striking out nine. He walked five.

The Gators got off to a fast start, scoring four runs in the first inning and one in the sixth. Altogether, the team collected seven hits and made no errors.

Pedro Rodriguez was the leading batter, going two for three and collecting singles both times.

Saturday, Mark Foster pitched a two-hitter, striking out seven and walking five.

In the first inning, the score was tied 1-1 and in the fourth, a Kenny Buckner single drove in two runners and moved the Gators ahead 3-2. In the sixth, Rodriguez drove in two more runs with a triple and Steve Richie banged a 350-foot homer which put the game out of reach.

The team committed two errors during the game and others who got hits included Jose Cano with two, Mark Foster with one, and Dick Crockett with a single.

Tuesday the team will play in West Palm Beach against Baren with Sammy Duda the starting pitcher. Friday, they will come home to meet Indian River Academy, which won the district last year and now has a 2-0 record. Baren's record so far is 0-1.

## Thoughts turn to football

Spring is in the air and already the Glades Day Gators' thoughts are turning to football.

Head coach Byron Walker said he expects about 60 boys to show up when practice starts May 1 for both junior varsity and varsity teams, which will give the team 18 days of practice before the jamboree at Glades Day scheduled for May 25.

So far, LaBelle and Moore Haven have agreed to participate in the jamboree and Walker said he is hunting for one more team.
